Code breakdown

Depending on the type of product, the following illustrations explain what the code numbers mean.

An 'R' measurement added to the end of the code, denotes that the bend angle is being made with a larger radius – therefore the bend section of the pipe is a longer length.

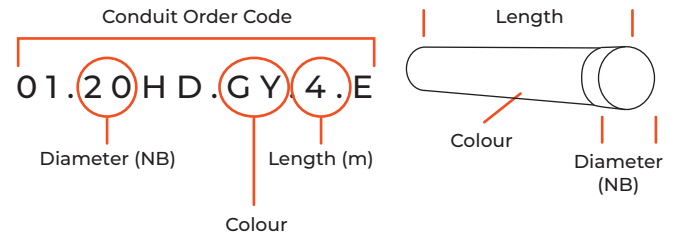

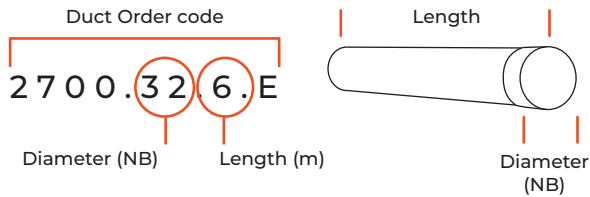

Electrical Duct Swept Bend SCJ uPVC

2703

Code	Other Radius
2703.32.11	
2703.32.22
